

The How2Hub – What We Do

The How2Hub is a fully inclusive education-to-employment platform giving young people early exposure to the world of work. From Year 6 onwards, we connect schools, employers, colleges and universities through structured, real-world experiences aligned to the curriculum.

What We Do

- 1 Curriculum-linked site visits, employer encounters and real-world projects.
- 2 Collaboration with schools, colleges and universities to build pathways into employment.
- 3 Ready-to-use lesson plans and employer engagement tools for teachers.
- 4 Trackable experiences supporting informed career decisions.
- 5 Fully inclusive from the outset, supporting all learners.

How We Work

A structured platform connecting education and industry. Schools access programmes, employers engage with minimal disruption, and colleges/universities contribute through real-world project delivery.

Our Impact

Improves confidence, awareness and access to careers. Supports schools in meeting careers guidance expectations while reducing workload through structured delivery.
